

Winnipeg Regional Health Authority

Isolation Rooms

LOCATION: Winnipeg, MB

DESIGN TEAM: Mechanical Consultants
MCW/AGE Consulting
Professional Engineers

Electrical Consultants
MCW/AGE Consulting
Professional Engineers

SYSTEMS DESCRIPTION:

MCW/AGE was involved with the Winnipeg Regional Health Authority in the installation of Isolation Rooms in the following seven (7) Health Care Facilities within the Winnipeg Area:

- ◆ Concordia General Hospital
- ◆ Deer Lodge Centre
- ◆ Grace General Hospital
- ◆ Riverview Health Centre
- ◆ Seven Oaks General Hospital
- ◆ St. Boniface General Hospital
- ◆ Victoria General Hospital

The construction scope of work included the demolition and renovation of varying degrees of a number of existing Patient Care Rooms located in Emergency and Patient Ward Areas of the various Health facilities.

The demolition and renovation of these rooms consisted of ceiling, floor, and wall removal to accommodate changes in mechanical systems for new negative pressure Isolation Rooms, all of which met Winnipeg Regional Health Authority Guidelines.
